Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner inquired on performing an Examiner's Amendment to amend a minor informality to claims 98 and 124 (changing the word, "in" to "an" in the "first memory" limitation of the claims) and an antecedent issue with claims 105 and 130 (involving the phrase, "the display device," changing it to "a display device"). Applicant's Representative agreed to such changes, which therefore put the claims in condition for allowance.
